Founded in 1960, OAPN is a professional association that provides a forum for developing business relationships, partnerships and cooperative ventures among organizations that present arts and entertainment programming as well as performers, arts service organizations and artist management agencies doing business in Ohio and nearby environs.

In the conviction that live performances, by celebrating and nurturing the human spirit are vital to the quality of life, our mission is to promote a network of performing arts providers to improve the quality and presentation of the performing arts in Ohio.

Our purpose is to provide programs and services that strengthen the quality and scope of the performing arts in Ohio. We serve our membership which includes presenters (organizations that engage performing artists), as well as artists, management agencies and service organizations.

Currently our membership includes nearly one hundred presenters consisting of theatres, community arts councils, parks and recreation commissions, libraries, museums, universities and schools. Our artist membership is over 100 strong and represents the fields of dance, music, family entertainment and theatre.

Membership in OAPN offers easy access to a variety of services and substantial discounts on conference fees, workshops, and advertising in our publications. In addition, we have a close relationship with the Ohio Arts Council and work in partnership on many programs and services.
